Vision for Learning

Advanced Coach Training

Course Structure and Outcomes

How is the course structured?

It is designed as the follow on from the 1 Day Introduction to Coaching to further develop and enhance knowledge and skills. Take your coaching skills to a greater level and discover the positive results from precision use of language. A series of effective strategies are included for dealing with challenging behaviour.

Why attend the course?

The Vision for Learning 2 Day Advanced Coach Training will result in new levels of self-esteem and confidence, increasing your capability in supporting others.

- Develop practical coaching skills
- Reconnect with your current practice
- Constructive feedback throughout
- Actively experience and practice techniques
- Learn in a safe and supportive environment
- Exchange ideas and experiences
- Promote change in others

What will I learn?

To develop key knowledge and skills for promoting change in others, including

- Precision use of language to achieve improved results
- Effective strategies for dealing with challenging behaviour
- Further secrets to building positive relationships with others
- Generate motivating targets
- How and why problems develop
- To promote relaxation in yourself and others through careful use of language
- The potential for wider organisational coaching approaches

What if I attend?

Attending this course will bring you new levels of confidence and capability in supporting others. From high-flyers to struggling individuals and teams, this course gives you the most useful tools and techniques. Your ability to use precise language will get results and you'll have the edge in any work or social setting.
