Neuro-linguistic Programming (NLP)

Two Day NLP Extension to Diploma Programme

**(This course is a two day programme which builds upon the Introduction to NLP Course
(a pre-requisite for this Diploma course).**

Why attend?

- This course offers a hands-on, experiential approach to learning the approaches of NLP
- NLP has been proven through University-based research, to have efficacy
- The approaches are many and varied and give you a wide palette of approaches to use with your client group, matching the right tool to the right situation
- The course will increase your flexibility as a practitioner and communicator and therefore your capacity to support change in others, as well as yourself
- Upon successful completion of the course (and meeting the necessary criteria) come away with an internationally recognised certification in NLP which allows you to progress to NLP Practitioner and Master Practitioner Programmes.

What will you learn?

- The nature of how people create stuck states of mind and how to assist them to release such states
- Potent tools for changing your own perspectives and those of others
- How to blend the approaches so that you use the right tool at the right time
- Conversational and practical approaches to belief change
- Revisit The presuppositions of NLP and the NLP communication model
- Reconnect to the first two days of the NLP course
- Creating Well-Formed Outcomes
- PACER System

How will the course be run and by whom?

Will Thomas is the course leader. He is a highly experienced and qualified trainer and coach. He is a Master Practitioner of NLP, a Qualified Coach, Master Practitioner of Timeline Therapy and Hypnotherapy, a Trainer of Hypnotherapy and holds a Masters Degree in Counselling and Coaching. He is also an award-winning and best-selling author in the field of coaching and leadership. His approach offers the theoretical background, simply described, with highly participative, activity-based approaches to learning. The emphasis is on the “how to” of NLP and the course will be very focussed on the individual needs of participants and their setting. There is a strong sense of enjoyment and fun throughout the programme.

What if you attend this programme?

Imagine having at your fingertips an even wider range of proven and powerful tools for change. Consider how effortless it would be to be able to effect conversational belief change in others by being highly skills in the use of motivational language. Just think about the benefits to yourself and your client group of being even more able to transform the lives of others and empower them to direct their own lives and make positive contributions to their communities. What would it be like to spend four days developing yourself and enhancing your practice in a highly supportive and inspiring learning environment? Enjoy engaging with a supportive and challenging approach which will enhance you both personally and professionally. Just imagine having the confidence of having qualified in NLP at Diploma level and what that will bring to you.
