Vision for Learning

Introduction to NLP

(Neuro-linguistic Programming)

Course Structure and Outcomes

How is the course structured?

Day 1 provides the essential underlying concepts of NLP and begins to explore the advanced change techniques that can be applied to your situation. Day 2 focuses on advanced strategies for confidence building and conflict resolution. The course is intensive and activity-based with links to 'real-life' work situations throughout.

Why attend the course?

- Practical and strategic approach to give support to others
- Make change happen
- Blend existing skills to new NLP approaches, increasing effectiveness
- Build trust and confidence in yourself and others
- Empower yourself, learners and colleagues
- Tangible skills to use in different environments
- Increased flexibility and options in difficult and challenging situations
- Adaptable knowledge for group and individual situations

What will I learn?

- The foundations of NLP
- Increased sensory awareness and rapport building
- Target setting and forward thinking techniques
- Rapid change techniques
- Secrets of confident presentations
- Internal and external conflict resolution tools
- Motivational language patterns
- To activate motivation

What if I attend?

You'll increase your flexibility in the way you think and have the tools at your disposal. The strategies you'll have can be used in a wide variety of settings to enable rapid change in students and colleagues. You'll open up new ways of thinking, work more effectively, build confidence and have more ways of overcoming challenges.
